## ALL ENGLAND HONORS THE UNITED STATES TODAY

GERMAN SUBS REPORTED BELIEVED TO RESEMBLE U-53

No. 1 in the accompanying pictures is the German submarine U-53, of the type of vessel which, it is believed, Germany has sent to American waters to wage war on our warships and merchant vessels. The U-53 is the submarine which sank the ship last year near Nantucket.

The United States torpedo boat destroyer Smith (No. 2 in the pictures) reported that an enemy submarine, in all likelihood a vessel like the U-53, fired at her a torpedo which missed its mark. No. 3, is a gun crew on board the Smith, and No. 4, shows

the retrieving of a spent torpedo by a warship. Torpedoes are costly missiles, and the German U-boat commanders take no chances with them.

Germans are clinging stubbornly to their strongly entrenched positions although several of their trenches near Courcy were carried in grenade attacks.

In the Champagne, the Germans launched their expected violent counter attacks, which the French troops, their artillery brought up, were amply prepared to meet.

General Maude, commanding the British forces in Mesopotamia, has forced a passage of the Shatt-el-Adhem, attacked the Turkish main positions, and completely routed the Turkish forces, says an official statement issued today by the British War Department.

So far, 1,244 Turks have been taken as prisoners.

### U. S. MINISTER HAS TYPHOID

(Associated Press Cable.)

The Hague, Thursday, April 19, via London, April 20.—United States Ambassador Elkus is seriously ill at Constantinople with spotted typhoid, according to a dispatch from Berlin.

The Vossische Zeitung says that a German specialist is assisting the Embassy physician.

### ALL MARRIED GUARDS NOT TO BE DROPPED

By Associated Press Dispatch.

Washington, April 20.—Discharges from the National Guard will not be granted to enlisted men solely because they are married, according to instructions sent out to adjutant generals by the Militia Bureau.

Where a soldier had independent means which will prevent his family from becoming a charge upon the Government, he will not be mustered out.

The War Department has been flooded since the original order was issued with inquiries and protests from both officers and men of the National Guard, many of whom have been discharged against their wishes because they were married men.

### STARS AND STRIPES ON ALL FLAGSTAFFS

Great Meeting, Celebrating America's Entrance in War Is Held in St. Paul's Cathedral.

Unprecedented Honor Accorded U. S. When Flag Floats Over All Government Buildings.

(Associated Press Cable) London, April 20.—The British people and the Americans in this country celebrated America's partnership in the world war by a religious service today in St. Paul's Cathedral, attended by the official heads of the nation and a great congregation, which included hundreds of Americans and many prominent British men and women.

The Stars and Stripes floated from the highest tower of the Parliament building at Westminster—the first time that a foreign flag was ever displayed on that eminence—and flew above all the Government buildings in the British capital.

The service in the historic cathedral where the most momentous occasions of national rejoicing and mourning have been solemnized, was unprecedented in being the commemoration of an act and decision of another nation.

Overhead, in the dim arches, hung the dust weighted and battle torn flags of famous British regiments, some of which have been carried in the American War of the Revolution; while among the tombs and memorials of famous soldiers, ranged about the wall, were the names of those who fought against the Colonies in that war.

The American Embassy and Consular Staff occupied front seats, with representatives of the Pilgrims, the American Society and the American Chamber of Commerce.

In the diplomatic sections were officers in the uniforms of France, Russia, Italy, Belgium, Serbia, Montenegro, Roumania and Japan.

### WILL ISSUE AS REQUIRED

By Associated Press Dispatch.

Washington, April 20.—Treasury certificates of indebtedness authorized up to two billion dollars in the seven billion dollar war finance measure, now before Congress, will be issued, Secretary McAdoo announced today "as may be necessary to meet the requirements of the Treasury," as soon as the bill becomes a law.

The bonds authorized by the bill probably will not be offered before sixty days.

### WOULD FIX FOOD PRICES

Washington, April 20.—Associated Press Dispatch.—Secretary Houston today recommended to the Senate that the Council of National Defense be empowered to fix maximum and minimum food prices.

### CONTROL OF FOODSTUFFS

By Associated Press Dispatch.

Washington, April 20.—To meet the food situation, Secretary Houston told the Senate today that the Department of Agriculture needs the following authority and power:

"To make a complete survey of the food supply of the nation, with a view to secure full information as to its location and ownership, and complete knowledge as to the instrumentalities and agencies that own, control, manufacture and distribute food products;

"After investigation, and in co-operation with the trade interests involved, to establish market grades and classes of farm products, including seeds and standards for receptacles of such products, together with authority to effect a suitable degree of supervision of their application through such inspection service as may be necessary;

"To license and supervise the operation of all plants, mills, packing houses, canneries, slaughter houses, or other establishments or factories in which food or seeds, agricultural implements and material therefor, and any other article required for agricultural purposes are prepared, manufactured or kept for sale or distribution.

"In case of emergency the Government should have power to purchase, store, and subsequently dispose of food products to groups of people, or communities, in some form, and to fix maximum or minimum prices.

"The Government should have full discretion in the matter. It might be wise to fix a minimum price to producers for only one important commodity, just as it might be wise to fix a maximum price which consumers might be expected to pay for only one or several products."

### BIG STRIKE IN KRUPP WORKS

(Associated Press Cable.)

Amsterdam, via London, April 20.—Strikes have broken out in various munitions factories in Germany, including the Krupp works, the Telegraaf says it has learned from German sources.

## SOCIALISTS DEMAND RADICAL CHANGE IN THEIR GOVERNMENT

Hungarian Socialists in Secret Convention Ask Central Powers to State Terms of Peace.

Want Secret Diplomacy Abolished—Resolutions Revolutionary in Nature.

(Associated Press Cable.)

Berne, Switzerland, via Paris, April 20.—Hungarian Socialists have adopted resolutions, at a secret convention, demanding that the Central Powers make public peace conditions excluding all forcible annexation, according to the Tagewacht, official organ of the Swiss Social Democracy.

The convention was the first to be held since 1913, and several resolutions of a drastic and even revolutionary character were adopted.

The convention called upon the Hungarian Government to abolish all restrictions on public gatherings, to restore the freedom of the press, and to furnish genuine proof of the honorableness and sincerity of its desire for peace.

Demands were also made that all states make public every international agreement, place foreign policies under the control of parliament, and abolish secret diplomacy.

### TO DISCUSS CROPS

By Associated Press Dispatch.

Columbus, O., April 20.—Farm managers of the various state institutions under the control of the Board of Administration were meeting here today with Governor Cox and the local branch of the Council of National Defense.

They were instructed to avoid duplication in planting crops.

Warden Thomas has transferred approximately 150 prisoners from the penitentiary here to the new prison farm at London.

Mayor James A. Cahill of Chillicothe, Ross county, reported to Governor Cox today that there was much unused canal land in Ross county held by the state which might be cultivated for farms.

### ULTIMATUM

(Associated Press Cable.)

Petrograd, via London, April 20.—General Gurko, commander on the western front, has issued a proclamation to the soldiers declaring that the election, arrest and dismissal of officers of various ranks by soldiers' councils is an undesirable practice and threatens serious consequences.

General Gurko declares that the right to appoint officers is accorded only to soldiers in Petrograd and Moscow who are directly responsible for the revolution.

The General points out that the application of the practice to the active army leads to disorganization and puts the responsibility for military operations on the men in the ranks.

### PLOT FOILED

By Associated Press Dispatch.

Columbus, O., April 20.—A can of bean soup and an empty cartridge shell tied to the end of a stick, found early yesterday morning in the rotunda of the State House, led to wild rumors of a plot to blow up the State Capitol building.

No definite clues of such a plot were found, however, and state officials were inclined to laugh at the incident.

After an investigation, some officials thought it probable that the bean soup and an empty black bag found in the rotunda had been left by a workman, and the empty cartridge shell had been the plaything of some youngster.

### SPAIN MUST ACT

(Associated Press Cable.)

Madrid, via Paris, April 20.—Count Romanones, in tendering his resignation to King Alfonso, said he was convinced that the defense of the lives and interests of Spaniards could not be assured if the Government policy continues to be bound by the limitations hitherto existing.

The Premier declared that he felt compelled by his conscience to resign. He added that he was influenced by the consideration that Spain would lose its position as a moral leader if she and the races issued from her appeared to be divided at a time so decisive for the future.

### FRENCH GAIN MORE GROUND

Heavy Counter Attacks By Germans Quickly Broken Up By Deadly 75's—British Rout the Turks.

By Associated Press Dispatch.

While the French advance last night was not so spectacular as on the preceding days of the great battle along the Aisne and in the Champagne, progress was nevertheless continued in important sectors.

The French gained ground in the vicinity of Laffaux, the advance being characterized in the official statement as "considerable."

The Germans reacted strongly on this front, but were unable to make any impression on the new French line. The advance toward Laon was continued.

On the plains north of Rheims, the

## FORTY-SECOND ANNUAL SESSION W. M. S. CHILlicothe PRESBYTERY

The forty-second annual meeting of the Woman's Missionary Society of the Chillicothe Presbytery, now in session at the First Presbyterian church of this city, is recording itself as epoch making in the inspiration of its splendid sessions and their incentive given to missionary effort.

It is fourteen years since the Washington C. H. society last entertained the Presbyterial, but among the delegates representing the cities of the Chillicothe Presbytery, there are many who participated in that meeting and the pleasure of renewing former acquaintances and making new ones extends itself not only to the woman's Missionary Societies, but to the various branches of young people's and Sunday school work also represented in the large number of delegates from Hillsboro, Wilmington, Chillicothe, Frankfort, Bainbridge, Bourneville, Concord, Marshall, Waverly, S. Salem, Greenfield, Pisgah, Bloomingburg, Kingston, McArthur, New Market, Wilkaville, North Fork, Belfast, Hamden, Sycamore Valley and this city.

Thursday was a busy day for the local women in meeting trains and placing the delegates. An executive meeting was held Thursday afternoon but the convention formally opened with the popular meeting of Thursday night.

The church was filled, and while the delegates were numerically strong there was also response from the general public, and large gatherings held many from other churches.

A wealth of flowers and beautiful music contributed to the attractiveness of the services. Palms formed a background for carnations, roses, daffodils in tall floor vases, baskets and jardinières, which filled the chancel in rare artistic arrangement, while high on the organ above a large silk flag added its effective note of patriotism.

The church orchestra played a beautiful opening number after which Mrs. Wert Shoop sang with much sweetness and power "Hosanna to our God,"—Dressler; Mrs. B. F. Davis at the organ.

Rev. W. B. Gage conducted the devotional services.

Mrs. W. Hamill Shields, of Hillsboro, president, presided, not only on Thursday night, but throughout the entire meeting, with a spontaneity and grace which won for her warm admiration and lent impetus to each session.

The addresses of the evening were made by Miss Gertrude Fultz, Field Secretary, Philadelphia, and Mrs. T. H. Candor, Barraquilla, South America.

Miss Schultz spoke on "World Work for Ohio Women."

She is a very pleasing, earnest speaker and impressed the tremendous call to Christianity, touching in the briefest of summaries, upon the

countries where nations are seeking in vain for that which satisfies. Miss Schultz brought in the reports of her work glad tidings of great things accomplished and also made her hearers realize how great an agency for the relief of the world's suffering.

She refuted the statement sometimes made that the money given never reaches the foreign field and said that 93 cents of every dollar given reached the work for which destined.

Before introducing Mrs. Candor, Mrs. Shields expressed the sentiment that under present stress no gathering is complete without the singing of America and the audience rose to sing with fervor the national hymn.

The president said that it seemed too good to be true that both Mrs. Candor, "our own Missionary" and her husband could be in attendance after their long years of work in South America and prolonged clapping echoed her words.

Mrs. Candor prefaced her talk on missionary work as she had found it in what has today come to be known as the "continent of opportunity" by a backward glance over 38 years when she "a slip of a girl" had been adopted by Chillicothe Presbytery and with trembling, entered upon her distant field, with its ignorance, vice, superstition and many difficulties.

Two years ago, owing to Mr. Candor's health, the loved city of Bogota, where the results of their missionary effort had been gratifying, was left and Mr. and Mrs. Candor took up the work in Barraquilla, on the coast.

Mrs. Candor spoke of the many forward movements in these two years, among them the founding of a Dorcas Society; a prosperous girls' school, which is now almost self supporting and has a well equipped Domestic Science department and a piano room; and a theological seminary for the training of native preachers to take up the work of the gospel.

By request, Mrs. Candor, whose sweet voice had been remembered from former meetings, sang "Face to Face" in Spanish and then held a brief conversation with her husband in Spanish.

Rev. Candor spoke for a few minutes, giving the audience a very interesting glimpse of the work accomplished by the men of Latin America. He made the startling statements that 75 per cent of the men have no religion and that 50 per cent of the mothers have not the right to give their children their father's name.

Miss Mazie Kessler and Mrs. Davis played a lovely violin and organ duet after which the benediction was pronounced.

The superb flowers were from the Buck Floral Gardens and the gift of Mrs. Buck, with the exception of the daffodils, which were Miss Alta Sprenger's gift.

The decorating committee was com-

posed of Mrs. J. F. Dennis, chairman; Mesdames R. S. Quinn, W. W. Millikan and C. H. Griffiths.

### Morning Session

The Friday morning session was called to order promptly at 9 o'clock by the President, and Mrs. Bella L. Ustick, Vice-President, conducted, a devotional service in which a number took part.

Miss Catharine Seymour, Recording Secy. gave an excellent report of the executive meeting.

Interesting and very encouraging reports of the year's work were presented by Miss Dorothy Steele, Froedman Secy., Mrs. A. L. McWilliams, Missionary Study Secy., Miss Martha Bonner, Literature Secy., Miss Anna May Parrett, Young Peoples Secy.

Mrs. M. J. Gildersleeve, Secy. Missionary Education, New York city, made an instructive address on "Competent Counsel" and delegates responded to roll call with scripture verses.

The noon hour was enjoyed in social visiting and a delicious two course lunch was served in the dining room by the Box and Entertaining Committees of the Society, assisted by the Charlotte Tuttle Sisterhood. Mrs. John W. Wilson was chairman, the tables were decked with flowers.

Miss Emma Jackson was, chairman of the entertaining committee, assisted by Mrs. Cary Persinger and Mrs. C. A. Reid, Mrs. Wm. Boynten Gage was chairman of the reception committee assisted by Mesdames J. M. Willis, A. M. Bush, Elmer Kiever and W. O. Kiever.

### Afternoon Session.

Mrs. Anne E. Fullerton, of Chillicothe, led the afternoon devotional service.

Mrs. A. F. Hopkins gave a splendid report on Home Missions and Miss Winifred Caldwell followed with a gratifying one on Foreign Missions.

Mrs. Arthur Burgett's contralto solo was much enjoyed.

Miss Gertrude Schultz, Field Secy., spoke on "Helps from Headquarters." There is no report of the year which exceeds in interest that of the treasurer and no officer who so merits the appreciation of the society as Miss Anna Welsh, of Chillicothe who has filled this office for 28 consecutive years with great ability.

Her reports are always spicy in their way of presentation and this year awakened most enthusiastic response to the grand total of \$8532.49 far exceeded any past year's sum in the treasury.

This included a legacy of \$5,531.76, left to the societies of the First Presbyterian church Chillicothe, and to the S. Salem church by Mrs. Mary A. Steele, of Chillicothe.

It was a wonderfully gratifying report. Tonight will see the close of the meeting in a popular session, with strong addresses and good music.

## ALL CITIZENS ARE URGED TO TAKE PART IN PARADE

All Washington citizens, men, women and children, are urged to show their patriotism in the big patriotic parade which moves promptly at seven o'clock tonight, forming on Main street.

And every citizen who has a flag is urged to carry it, and be on hands promptly.

Don't stand on the street and watch the parade go by without having a flag or making some patriotic demonstration, is urged upon would-be sightseers. The parade is for all patriotic citizens.

The mass meeting on the court house lawn, with speaking, drill by Company M, and band concert, fellow immediately after the parade comes to a close.

The committee urges promptness on the part of everyone.

# DIRECTORS LAUNCH MOVE FOR \$16,000

Additional \$2000 Offer to Be Won When Indebtedness Is Lifted From Association in This City—E. L. Mogge to Assist in Work to Be Formally Taken Up Next Week.

A conference of the board of directors of the Y. M. C. A. with a number of representative business men, at the Association building last night, it was decided to inaugurate a drive for \$16,000 to liquidate all indebtedness of the Y. M. C. A. and provide for other financial needs of the work.

The present excellent conditions of business and the popularity of the Association have suggested to some members of the organization that this is a logical time to undertake such a drive. Upon ever hand business men have counselled favorably regarding the contemplated movement.

E. L. Mogge of Indianapolis, special secretary of the Indiana state organization of the Y. M. C. A. and a campaign manager of large experience, has been secured to conduct the campaign. He arrived in the city yesterday morning and attended the conference held last night.

Tuesday and Thursday of next week have been selected for the drive and it will positively last only two

days. The \$16,000 is needed to pay off the mortgage on the building of \$10,000, the care of the current expense of the building and provide operating expenses for the balance of 1917, make possible the extension of the work in other important directions, make needed repairs, and secure for the Association a conditional \$2000 which would enable provided the Association entirely free from debt by June next. When the \$16,000 is secured the local Y. M. C. A. will be on a financial foundation for the time in its history.

Three years ago a campaign was conducted with the hope of caring for indebtedness but unexpected shrinkage of the amount subscribed, and charges the fact that some subscriptions were for long periods of payment and therefore not cash, and the increased cost of

operation of the work and the making of imperative repairs have left the Association still in debt. The subscriptions now in hand which are not fully due will be used to help maintain the work in the future and it is hoped that with the successful outcome of the present campaign it will not be necessary to appeal to the public for additional financial contributions for the next two years.

Campaign Director Mogge submitted a plan of organization last night which calls for a committee of sixty business men divided into two divisions each of thirty men, and subdivided into teams made up of a captain and five workers. Each division will be under the leadership of a general and the entire work of the campaign heads up with an executive committee of five men. Officials of the Y. M. C. A. are busy today securing the leaders and it is expected to have the entire ten teams full recruited by tomorrow night. There will be workers' coaching conference held at four o'clock Sunday afternoon at the Y. M. C. A. rooms when full instructions will be given and ammunition distributed.

In undertaking this effort at this time the Washington Court House "Y" is keeping up with the procession all over the state and in adjoining states. A number of Associations have raised funds to liquidate indebtedness and the prevailing good business conditions the country over have made possible a fine record so successful enterprises of this character.

## Y. M. C. A. WORKER HAS GOOD RECORD

E. L. Mogge of Indianapolis, special state secretary Indiana Y. M. C. A. who is here to co-operate with the local Y. M. C. A. men in the two-day campaign for \$16,000 next Tuesday and Wednesday is highly recommended by State Secretary A. H. Lichty of Columbus as one of the leading campaign directors in connection with Y. M. C. A. work.

Mr. Mogge has conducted three important debt campaigns in Ohio, \$45,000 at Ashtabula, \$40,000 at Findlay and \$52,000 at Steubenville, all of which were successful.

A campaign led by Mr. Mogge at Fort Wayne Ind. last May established a world's record in cities of less than 100,000 population. The campaign was for \$300,000 in ten days and the goal was reached in 7 days and a total of \$340,000 was secured. Other notable campaigns conducted were \$275,000 at Anderson, Ind., in ten days overshooting the goal of \$250,000 by \$25,000; \$201,000 for Indianapolis Y. M. C. A.; \$205,000 for the Muncie Y. M. C. A.; \$65,000 debt fund at Kokomo Ind.; also successful debt campaigns at Chelsea, Mass., Steator, Ill., Ann Arbor, Mich., Marion, Ind., and Vincennes, Ind.. Mr. Mogge has raised a million and a half dollars for the Y. M. C. A. and Y. W. C. A. in the past eighteen months, nine of which have been debt campaigns and some for comparatively small amounts.

## WILL USE TRACTOR TO PLOW "Y" LOT

James Hagerty has offered the use of one of the new Ford farm tractors for plowing the acre of ground recently turned over to the Y. M. C. A. by Mr. D. S. Craig, and if the condition of the soil permits, the gang plow will be used in breaking the ground Saturday.

The plow will be operated by "Happy" Rodgers, and will, in all

## What You Can Do

In this time of national crisis every loyal American asks "What Can I Do to Help." The true patriotic impulse is behind that question. It means that every one who asks himself or herself that question honestly wants to do something to help the nation and is earnestly seeking the way to be of service.

There are many big fields of service, many spectacular ways in which service to the nation can be performed. The field of conflict with its applause for deeds of valor is the most attractive but it is by no means the only way to serve the nation. Every walk in life, every station, no matter how humble offers its opportunity for service.

Many of us are inclined to overlook the smaller, less conspicuous tasks and fail to render any service because the larger more important fields are crowded with volunteers.

If every loyal American could only realize that in doing well his whole duty whether that duty be of conspicuous or modest kind, whether it attract public attention and applause or not the answer to the oft repeated question would be found.

It is the aggregate action that counts. There is as much, or more perhaps, in doing the small inconspicuous tasks well, as there is in doing the larger things.

Do your part—keep yourself and your house in order, practice economy and thrift. Conserve your resources, your energies and your talents and you will serve your country. That's what YOU can do.

## The Idler Is Doomed

There are to be no idlers standing around in the way of people who are at work doing their part of the monster aggregate work which the nation must do.

That's the decree that has gone forth from nation and state authorities and an organization of all the big official family in every state, is being effected to enforce that decree.

Hereafter men must serve themselves, their family, their nation and humanity in some one of the many capacities which the abundant opportunity of the times affords. They must do it either voluntarily or be compelled to do it by law.

There can be no excuse for men to be idle this year—there is too much to be done to allow the sluggard to idle away the golden hours and clutter up the path of industry.

The factories and the mills need men to work, the stores and gran ries need workers, the farmers needs willing hands to prepare, to plant and to cultivate the fields and to harvest the crops.

If the idlers cannot find a berth to their liking in any one of the numerous opportunities which the civil life offers there is the army and the navy offering the chance for service.

There is room in ever one of the avenues mentioned for workers and there is going to be no place for the idler.

Failing to choose one of the opportunities offered the authorities will take charge of the individuals who will not work voluntarily send him to the army or navy or to the work house but work he must.

A census is to be taken of all the able bodied men and a tab kept on their daily life.

Some of the professional loafers who have permitted the busy currents of life to flow by them with never a thought of plunging in are due for an awakening.

The authorities representing the sentiments of a busy and patriotic people mean business.

## Russia's Future

The Russian people have taken up a tremendous program of reforms and have accomplished the first and, perhaps, important success in the overthrow of the autocratic government of the Czar.

If there was not at this time, such a confusion occasioned by the very multitude of great happenings involving almost every nation and every people the marvelous revolution and changes in Russia would amaze the world both with what has already been accomplished and the proposals for the future.

The nations of the world, however, each busy with its own problems confine their speculations about Russia as to what the effect will be on Russia's war policy.

There is proof, in the very uncertainty regarding Russia's future, even the stability of the present government, to support the contentions of both those who claim Russia will negotiate a separate peace and for those who insist that the war policy of the nation will be even more vigorous than before the revolution.

A change in Russia's war policy—a change apparently much easier of accomplishment than the change in government—might shift the whole current of the war.

The Slav nations precipitated the conflict and it seems impossible that the big brother among the Slav nations should abandon the strife and leave it to other peoples to conclude.

There is nothing for the world to do but to wait for developments and next to "our own problems" with each nation has, the question of what Russia will do is of paramount importance.

The slender thread of government may snap at anytime and if it does—what?

## Poetry For Today

## THE WEST WIND.

It's a warm wind, the west wind, full of birds' cries; I never hear the west wind but tears are in my eyes. For it comes from the west lands, the old brown hills, And April's in the west wind, and daffodils.

It's a fine land the west land. There is cool green grass there, where men may lie at rest And the thrushes are in song there, fluting from the nest.

"Will you not come home, brother? You have been long away. It's April, and blossom time, and white is the spray; And bright is the sun, brother, and warm is the rain, Will you not come home, brother, home to us again?"

The young corn is green, brother, where the rabbits run; It's blue sky, and white clouds, and warm rain and sun."

It's the white road westwards is the road I must tread To the green grass, the cool grass, and rest for heart and head, To the violets and the brown brooks and the thrushes' song In the fine land, the west land, the land where I belong.

—John Macfiefield.

## SIMPLE SERVICES PRECEDE BURIAL

Rev. Wm. Boynton Gage held simple and affecting services over all that was mortal of Mrs. Kate Watson at the home of her daughter, Mrs. Charles Crooks, Thursday afternoon.

The home was filled with friends, many of them of the years of Mrs. Watson's residence in this city, and deeply regretting that her return after nine years of absence should have been so brief. But two weeks ago Mrs. Crooks brought her mother from Springfield to her home, shadowed so darkly by the death angel twice within so short a time.

The minister spoke with tender appreciation of Mrs. Watson's Christian character and her excellent qualities. He offered special tribute to the widow left with little children and her earnest efforts to give them both a father's and a mother's care.

For the past five years Mrs. Watson has been in ill health and her patience endeared her anew to her daughter and two sons, Herbert and Homer. With the latter she has made her home for some time.

Miss Ada Woodward sang a favorite hymn. The burial was made in the Washington cemetery with the two sons, Mr. Walter Crooks and Mr. C. E. Lloyd pallbearers.

Relatives from a distance who came for the funeral were: Mr. Homer Gardner and wife, from Columbus, Indiana; Mr. Herbert Gardner, Indianapolis; Mr. R. K. Watson, Mrs. Odd Ott, Springfield; Mr. and Mrs. Eljah O'Day, a sister, and two cousins, Misses Ella Ivins and Alta Olney, London.

## DEATHS

TERRY

Samuel Terry, aged 44 years, passed away at his home on Paint street, Thursday, death following a fourth operation for an ailment from which he had suffered for sometime.

For many years Mr. Terry was engaged in the restaurant business in this city and Sabina. He leaves a wife, two sons, four daughters, and one brother.

He was a member of the A. M. F. church and Alma Lodge of Odd Fellows. The lodge will have charge of the funeral services at the A. M. F. church, Sunday afternoon at two o'clock.

## RABID DOG BITES WILMINGTON BOYS

A rabid dog attacked and bit two Wilmington children, this week, one of the children being Wayne Galvin, small son of W. J. Galvin. Both of

the boys were hurried to Columbus and given the first Pasteur treatment to guard against the terrible disease.

The children were attacked while at play, and both severely bitten. The dog was killed, its head sent to Columbus and within 24 hours word was received that the animal had hydrophobia.

As a result of the rabid animal appearing in the town, there will be a crusade against stray dogs, and owners of dogs will be required to muzzle the animals or keep them penned up until after danger of an outbreak of the disease is past.

## PUSHING CAMPAIGN FOR MEMBERSHIP

A committee consisting of Walter Hamilton, Hays Dill and Grant Coffman has been named to formulate plans for a thorough canvass of the city and county in the interest of the Sherman-Sheridan highway. At a meeting with Mr. Morgan, field secretary, plans were formulated to put on a three-days' campaign, May 5, 9 and 10.

On the evening of the 7th of May the committee will meet and name ten teams of two men each to devote a part of three days each to securing membership in the organization. The committee has set the minimum at 1500 members in Fayette county.

## FLAGS ARE TORN DOWN BY VANDAL

Warren Rockwell, residing on Washington avenue, has made complaint that upon two occasions during the past week a flag has been torn down at his residence, and if he can learn the identity of the vandal who did the work, he will cause his arrest for desecrating the American flag—an offense which is dealt with in the most severe manner.

Last Sunday someone tore a flag in twain and left it in the Rockwell yard, and Thursday night a flag was torn from his veranda and most of it carried away.

The attention of the police has been called to the matter.

## SENATE ACTION HELD ILLEGAL

By Associated Press Dispatch.

Columbus, O., April 20.—Attorney General McGhee has given an opinion to Clark W. S. Pealer of the Ohio Senate, holding illegal the resolution adopted by the Senate in its closing hours to boost the pay of its employees. The Senate sought to get around the law prohibiting the changing of the salaries of public servants during their term of declaring the proposed allowance was for extra services.

The attorney general termed this a palpable violation and said that the compensation fixed by statute or initial resolution is deemed to be in full for all services which may be rendered.

## MAY WORK THESE 'BOES ON STREET

The police picked up an even half-dozen hoboes, Thursday night, finding five of them in one barn, and the entire bunch was thrown into the county jail with a view to working them on the city streets, Saturday.

Most of the tramps were husky fellows and apparently strong and able to do hard work daily—if the spring fever would leave them alone long enough.

Friday steps were taken to bring the sextette to a sudden realization that war had been declared—on tramps, and that he who eats must work.

If all arrangements can be made for working the gang on the city streets they will be put to work sweeping and

cleaning up the streets to pay fines which it is planned to assess for vagrancy.

Most of the tramps declared they were unable to obtain work, and they will be accommodated.

## CIRCLEVILLE MEN TAKEN BY WARDENS

The flagrant violations of the Fish and Game laws, which have been many around Circleville, were rudely interrupted by Deputy State Game Wardens, Frank L. Hard, William Downing and William Francis, Thursday, and three alleged violators picked up, two for seining or having seines and one for having a fish net in operation.

Gibber Reid, charged with having illegal fishing tackle in his position, stood trial and his case will be heard April 29th.

Guy Rush and Clint Jenkins each drew \$25 and the costs for seining.

## IN SOCIAL CIRCLES

The Staunton W. C. T. U. convened at the home of Mrs. Charles Roberts and daughter, Miss Blanche, Thursday afternoon.

Devotions were led by Mrs. Henry Boyer, and nine members responded with temperance quotations.

Mrs. Alice Post and Mrs. Alice Roberts read two selections from the address on the Dry Federation movement given by the State President, Mrs. Florence D. Richards.

The subject was ably discussed by each member, and plans made for the summer's dry campaign.

Two new members, Mrs. Luther Greer and Mrs. Ellen English, were added to the roll.

A social hour closed the session.

A delightful program was enjoyed by the Ladies' Aid Society of Grace church at the regular meeting Thursday afternoon in the church parlors.

Mrs. Corinne Larrimer sang the beautiful and difficult aria from Elijah, "O, Rest in the Lord," after which Mrs. A. W. Duff gave a reading along the lines of the society's work.

Mrs. B. E. Kelley played Chopin's "Polonaise" with much brilliancy and fine interpretation.

Mrs. Ola Boyer gave a reading. In the preliminary business session Mrs. Stella Pyley tendered her resignation as first vice president.

Local D. A. R. Women are interested to learn of the election of Mrs. George Thatcher Guernsey, of Kansas, as President General of the Daughters of the American Revolution, ending one of the most vigorously contested fights in the history of the society.

The D. A. R. chapter of our near by city of Cincinnati favored Mrs. Guernsey, while prominent Columbus D. A. R. women supported Mrs. Miller Horton, of New York.

Miss Florence Ogle was the only representative of the local chapter in attendance at the National Assembly in Washington, D. C.

Twenty-four girls of the Sophomore Domestic Science class prepared and served under the direction of Miss Van Hyning, Domestic Science teacher, a most delicious four course dinner this evening in compliment to the high school corps of teachers.

It was a brilliantly successful affair, a triumph for the girls and their teacher and of unalloyed pleasure to the fortunate guests.

They were Supt. McClain, Principal

and Mrs. Probasco, Mr. and Mrs. H. G. Coffman, Misses Harbison, Houpp, Conn, Fowler, Thurston, Sheen, Grove, Jones, Couts, Mr. Pyley.

The big dining room at Central presented a radiant scene. The table was lovely, with beautiful center basket of daffodils and jonquils, from which extended heavy ropes of smilax. The Buck Florists did the decorating. The girls were all in white and served perfectly.

## DOMESTIC SCIENCE CLASSES VISIT MILL

The Domestic Science classes of the high school, under the direction of the Domestic Science teacher, Mrs. Van Hyning, finished an interesting tour of the Washington Milling Co., Friday afternoon.

The students found it highly beneficial to follow up their study of bread making with a study of the manufacture of flour, and the opportunity afforded in the complete equipment of this large plant was excellent. The managers of the mill were most courteous and gave them all the information possible.

## OHIO PHYSICIANS 15,000 STRONG WILL MEET IN MAY

By Associated Press Dispatch.

Springfield, O., April 20.—State health insurance will be one of the important subjects discussed at the 72nd annual meeting of the Ohio State Medical association which will hold a three-day session here beginning May 14.

The preliminary program shows that the physicians of the state regard this subject as one well worth consideration because of the fact that many public health workers and students of economic conditions are urging the enactment of health insurance laws. At the last session of the Ohio Legislature Governor Cox was authorized to appoint a commission to conduct a study of health insurance and its application to Ohio conditions and to report to the legislature in 1919.

A symposium of health insurance has been prepared for presentation at the morning session of the association's section on hygiene and sanitary science, May 15. Speakers who will take up the various phases of the subject are Dr. E. R. Hayhurst of the Ohio State University college of medicine, Columbus; Dr. Otto P. Geier, welfare director of the Cincinnati Milling Machine Co., Cincinnati, and Dr. C. H. Wells, of Columbus. Physicians declare the adoption of any plan of compulsory health insurance by the state would bring about marked changes in the practice of medicine.

Springfield is preparing to entertain 1,500 physicians who are expected to attend the convention. Dr. W. B. Patton of Springfield, is chairman of the committee on arrangements.

## OFFICERS OF C. H. & D. ARE RESPONSIBLE

Financial Troubles of Two Systems Are Blamed Upon Breach of Trust of Those in Charge.

By Associated Press Dispatch.

Washington, April 20. — The financial downfall of the Pierre Marquette Railroad and the Cincinnati, Hamilton & Dayton Railway is attributed, in a long report made public today by the Inter-State Commerce Commission, primarily to "breach of trust by corporate officials, often for personal gain."

"That downfall, with its deplorable consequences," the report reads, "can be traced only to betrayal within, and not to compulsion without."

"Neither rivalry, nor rate level, nor regulation, nor all combined, can be found on this record to have contributed in any appreciable degree to the disaster."

The Cincinnati, Hamilton & Dayton the commission found, suffered "the evils of deferred maintenance, almost from the close on July 7, 1904, of the successful Shoemaker-Woodford management."

Considerable improvement was made after the Baltimore & Ohio took over the road, but it did not continue, and the "result was like that on the Pierre Marquette."

## BILL IS READY FOR PRESIDENT

By Associated Press Dispatch.

Washington, April 20. — Senate and House conferees on the seven billion dollar war loan bill today agreed to the measure virtually as it passed the Senate.

The agreement will be reported to the two houses as soon as possible, so that the bill may be sent to the President for approval.

The Ways and Means Committee

today began consideration of new sources of revenue to finance the war. Several days will elapse before the committee will come to any definite conclusion on the bill, now in the making.

## THE FEDERAL BOARD, WITH THESE MEN, PLAN WOODEN SHIPS

UPPER—WILLIAM DENMAN LOWER—GEN. GOETHALS

William Denman is chairman of the recently appointed federal shipping board which plans to build immediately a thousand cargo vessels constructed of wood to meet the loss of tonnage caused by Germany's submarine warfare. The ships are to have a tonnage of about 3,000, and it is expected that the first will be ready in about five months. Mr. Denman is a prominent San Francisco attorney, with extensive experience in admiralty practice.

The administration is anxious to take advantage of General Goethals' ability as an organizer to rush the construction of the ships at top speed. He has announced his willingness to serve.

## ELKS WILL FARM NEAR COLUMBUS

By Associated Press Dispatch.

Columbus, O., April 18.—Columbus lodge of Elks has rented a farm near here which will be operated by an agricultural committee of the lodge. Members will "do their bit" on the farm during their summer vacations. They expect to supply their club dining table from the products of the farm, selling what they can not use. The action of the lodge is in line with the suggestion made by Governor Cox that fraternal organizations aid in the movement for increased soil fertility on account of the war.

COCONUT LOAF CAKE  
½ cupful of Baker's Fresh Grated Coconut, ½ cupful of butter, 1 cupful of granulated sugar, 2 eggs; ½ cupful of coconut milk; 2 cupfuls of flour; 2 level teaspoonsful of baking powder.

Cream butter and sugar until light; add well-mixed yolks of eggs, coconut milk, half the sifted flour and baking powder, the coconut which has been pressed dry in fruit press or cheesecloth. Beat the whites of eggs until light; fold in and add the rest of flour. Place on bottom rack in moderate oven; bake 45 minutes. Try with darning needle. If smooth, cake is done; if not, bake five to eight minutes longer. It is hard to give exact time to bake, as there is a difference in ovens.

The cake will keep a week (if kept under lock and key); in fact, it is better in three or four days than when first baked.

## RUN-DOWN WOMEN

We Have a Remedy That Will Cost You Nothing if it Does not Help You.

Washington Court House women will please realize that we mean just what we say in the above heading. Letters like the following prove the efficiency of Vinol in such cases:—  
"For the benefit of the other tired women, I want to say that I keep house for seven in my family. I became run-down, all played out, I did not seem to have any life in me and looked badly. I read so much about Vinol I decided to try it and I must say it helped me in every way. It built me up so I felt like a new woman, and my friends said they could see a great change in me." Mrs. John M. Waldron, Saratoga Springs, N. Y.

## TAX RETURNS MUST BE IN BY MAY FIRST; PENALTY PROVIDED

Tax returns from the rural districts are coming in very rapidly at the Auditor's office, but Washington residents have been slow to file returns, and as a result there will be a jam at the last minute unless they get busy at once.

All returns, according to the new law, must be in the hands of the county auditor by May 1st, and after that date the \$100 exemption will not be allowed, and a 50 per cent penalty is provided for failure to make returns by that date.

All persons who have not yet filled out their tax blanks and forwarded them are being urged to do so before the date when the penalty becomes effective.

The advice of those in charge of helping those requiring help is to study the blanks and make an honest effort to make the returns before seeking assistance. Then, if uncertain, seek help.

A great many of the returns coming in show that the majority mastered the blanks and filled them out properly.

## WASHINGTON BOY IS MIAMI DRILL MASTER

Oxford, Ohio, April 19.—Mr. Paul Zimmerman, the football star, has received an appointment as Drill Master in one of the military companies at Miami University. Compulsory training started last week and four companies are now drilling on the campus under the command of Physical Director Alfred Brodbeck.

The belief of President R. M. Hughes in declaring compulsory training is that every man in the university should be put in strong physical condition and taught the rudiments of military tactics, so that if called upon to serve in any branch of the service they will be in physical condition and have some knowledge of the training which they will receive after enlistment.

Courses in Military Mathematics and Wireless have been started and are attended by a large number of students.

If the vote on centralization in Paint township tomorrow favors the plan under consideration, two attractive and thoroughly modern school buildings will be erected during the coming summer, and be ready for use by next fall.

The accompanying illustrations, made from plans submitted by Architect F. S. Rusk, of Columbus, and among the plans considered for the two buildings, gives a fair idea of the general appearance of the structures, if made from the plans suggested.

FIRST FLOOR PLAN.

The second picture shows the first floor plans of the buildings, as suggested by the architect in question, offering four class rooms, and the two rear class rooms being readily converted into an auditorium for entertainments.

BASEMENT PLAN.

The Manual training and Domestic Science class rooms are located on the basement floor, as well as large play rooms to be used in severe weather. Deep interest is centered in the result of Saturday's vote.

## SOLDIERS TO BE TRAINED IN THIS STATE

(By American Press)

Columbus, April 20.—The farm labor problem was among the matters discussed at the meeting of mayors and other representatives of twenty-one Ohio cities held here. Developments of the meeting follow:

Possibility of the federal government establishing concentration camps in Ohio for the training of soldiers of this and other states; promise of mayors of half a dozen cities that they will have introduced, as a war measure, at the next meeting of council an ordinance, providing an extra hour of daylight (eastern time), recommendation that cities having no workhouses establish detention camps for loafers and lease land for them to cultivate; request that cities already having workhouse farms enlarge them or lease additional ground; assurance that the department of public works will give its consent to the cultivation of all canal lands by cities and counties; announcement that 5,000 to 10,000 Ohio high school and college boys will be working on farms next week; and encouragement of the movement in cities of organizing volunteer home guards of men 40 to 55 years, too old for military service.

The mayors endorsed unanimously the crop and employment program of Governor Cox and the state council of defense.

An executive committee to co-operate with the defense council was appointed. It is composed of Mayor Karb, Columbus; Mayor George Puchta, Cincinnati; Lemar T. Benham, director of public welfare, Cleveland; Mayor C. A. Stolberg, Canton; and Mayor James A. Cahill, Chillicothe. Presiding at the meeting was Rev. Dr. D. Frank Garland, welfare director of Dayton.

The primary purpose of the conference was to consider farm labor problems. The state and city will co-operate in the operation of the twenty-one labor exchanges. Fred C. Croton, head of the labor division of the defense council said he will have the exchanges open possibly early next week.

Mayor Puchta of Cincinnati inquired to what extent cities can co-operate with the state in the armed defense organizations. Governor Cox replied that with the national guard subject to call by the president, it is conceivable that the guard might be called outside the state and leave the commonwealth practically defenseless. In such instances, volunteer home guard organizations might be of great value, he said.

In this connection, the governor revealed that the war department has inquired of Ohio to what extent it will be able to furnish tracts of land for the mobilization and training of troops. This was taken to mean that this state, because of its geographical location, may be called on to provide some of the big concentration camps for the training of the prospective army to be raised for service in the war against Germany.

After several days of very violent artillery action, the French launched an offensive on a front twenty-five miles from Soissons to Craonne and eastward, and the first day's blow netted miles of German works and 10,000 men. In the above map are shown the Franco-British and Belgian fronts from the North sea to the Swiss frontier. The heavy line

shows the front before the French "hit the line" and the broken line shows the extent of the capture of the German first positions from Soissons to Craonne, while to the east of Craonne some of the enemy's second positions were occupied. This part of the battle front is known as the Champagne sector and has been the scene of some of the hardest fighting of the war.

## SUMMARY FOR CORN WHEAT REGION STATES

In the last 24 hours precipitation has been general in the spring wheat belt and areas in the winter wheat belt, but there was none in Kentucky and the southern portions of Indiana, Illinois and Missouri. There were moderate heavy rains in the great portions of Oklahoma, south-central Kansas, north western Iowa, north eastern Nebraska, Red River Valley and extreme eastern Montana, also at a couple of points in the eastern portion of the area. The amounts reached one inch at only one station in the entire region, and were very light in some places. The temperature continues to rise and is considerably above normal except in the northwest portion of the Region.

Conditions in Ohio  
Columbus, Ohio, April 18, 1917.

Persistently cold frosty weather regarded but did not seriously injure plant growth and budding fruit trees. Wheat continues to improve slowly but steadily. Except where plowing was delayed on account of frozen soil conditions were generally favorable for outdoor work; much plowing has been done, sowing of oats is well advanced, potato planting and gardening are now active.

### Corn and Wheat Region

Washington, D. C. April 18, 1917. During the past week general rain fell over most of Kansas and Oklahoma and about three fourth of Texas, causing a decided improvement in the condition of winter wheat in Kansas and Oklahoma, and some improvement in Texas; there is also a slow improvement in condition in the more eastern states, but slight on the Pacific Coast. Other winter grains are improving and the progress of seeding and development of spring grains is satisfactory though somewhat late. Corn planting is progressing slowly and the cool weather is unfavorable for germination and growth. Meadows, pasture and ranges are starting slowly. Potato and truck planting is progressing satisfactorily.
